Singing With Shari:
School Is Cool cd #11

Here's a silly song all
about two words

Use them every single day

Use them at school

, use

them when you're at home

Always use them

everywhere you play

Please and thank you

Thank you, please

These are special words

Please and thank you

Thank you, please

Let these words be heard

Everybody wants to hear
these special words
It shows you have manners
and you care

People will smile and grin

back at you

It's awesome when you use

them everywhere

Please and thank you

Thank you, please

These are special words

Please and thank you

Thank you, please

Let these words be heard
